

THE ORIGINAL BLADELESS TRIMMER

COMPANY PROFILE

FAST, GENTLE, AFFORDABLE, BLADELESS **TOM'S TUMBLE TRIMMERS** FOR ALL SIZE GROWERS!

www.TomsTumbleTrimmer.com

OUR STORY

Thomas Bruggemann is the inventor and President of TTT Innovations LLC, home of Tom's Tumbler. Tom, a former Hollywood stuntman and grower, invented Tom's Tumbler in 2014 to cut down on the cost and hassle of hand trimming. He developed a bladeless, netted tumbler that worked fast while preserving trichomes. Since then, Tom's has sold tens of thousands of machines and now produces eight different sizes of Tumblers including the PYTHON series. Our friendly, knowledgeable staff is available to guide you to the trimmer that best suits your needs.

TOM'S LINE OF BATCH TUMBLERS

Tom's Tumbler is the original bladeless trimmer, separator, and kief extraction system. It is hands down the most gentle, effective, and fastest trimmer on the market. When you combine Tom's patented trimming technology with his shared trimming tips, you will achieve hand-trimmed quality.

WHAT TOM'S TUMBLER CUSTOMERS ARE SAYING

Here are some testimonials from customers who love our Tumblers.
Now they use our products as an essential part of their everyday operations to save time and money.

Tom's
TUMBLER

"I have two metal blade trimmers but I wanted something that's not too invasive. I asked a friend in Oregon and he said Tom's Tumbler is good. I'm doing 300 lbs a day and my other trimmers only do 16 lbs per hour, which is too slow. How much will the TTT 3000 do? 100 lbs per hour!"

BETTER THAN BLADED
Posted by Marius, CA
Model: TTT 3000

"95% of the dry trimming done on this Blue Dream Auto was done with the Tom's Tumbler TTT 1600 Hand Crank. I only did 5% of the minor touch ups. Didn't take very long, maybe 10 minutes total. Collected all the trim and kief and I stored the 8 grams. Very impressed by how easy this invention makes trimming. Will be using it for a long time."

95% TRIMMED!
Posted by v9grows420
Model: TTT 1600

"I out trimmed my drying room. It's insane the amount of product you can run at a time."

Posted by Joshua
Model: TTT 2100

"I'm very excited! The Tom's concept is super! We have gone through some other trimmers Tom's is money well spent. It doesn't destroy the bud."

Chuck from NM
Model: TTT 2600

"I bought one 2600, then 3 more the next year - They're all still kickin' Same bags, same everything!"

John from CO
Model: TTT 2600

MIGHTY
PYTHON  **N** By 
INDUSTRIAL HEMP AND CANNABIS TRIMMER

WHAT PYTHON CUSTOMERS ARE SAYING

Here are a few testimonials from customers who love our PYTHONS.
Customers have a fast ROI by making Tom's Tumbler an essential part of their everyday operations.

"I purchased the PYTHON online, it was delivered the same week. Did the 20 minute tutorial phone call with Tom and was literally trimming 600 lbs an hour right away! So pleased with my purchase. I absolutely recommend this equipment."

Billy Clark
CasaSol Farms

"I've owned many machines, been promised demos and support, but none transpired. Tom's was the first to be gentle enough for my craft cannabis. When I suggested a modification, Tom was attentive and came out personally within days to make changes. We trim 400 lbs an hour and highly recommend the PYTHON by Tom's Tumbler."

Jay
Jolly Farms, CA

"The PYTHON is nothing short of amazing! Works as advertised, a true life saver for anyone sitting on massive inventory. There is nothing else on the market that can touch the PYTHON."

Gavin Washburn
US Hemp Partners

*"We use the Python 400 for premium medical cannabis, it comes out better than hand trimmer quality and we highly recommend Tom's trimmers. We have batch machines and the PYTHON. It preserves the flower's structure along with trichomes and crystals. AMAZING!"
(as seen on Grower's Network; Canna Cribs)*
